## Data Protection

General Data Protection Regulations (GDPR) came into force in May 2018. Rhondda Cynon Taf Pension Fund is a Data Controller, this means we store, hold and manage your personal data in line with statutory requirements to allow us to administer your pension. Further details on the data we hold and what we do with that data can be found in our Privacy Notice on [www.rctpensions.org.uk](http://www.rctpensions.org.uk)

## Your P60 & Payslips

Your P60 Certificate will be issued in May this year and provides a summary of the pension you have received and tax paid for the year, up to 5 April 2022. Your P60 includes information which is required by HMRC, called the Lifetime Allowance.

The Lifetime Allowance is a limit on the value of all of your pension benefits before incurring excess tax charges. The limit for 2021/2022 was £1,073,100. Your Lifetime Allowance figure can be found on your P60 Certificate, and is based on your Local Government pension benefits and does not include any other pensions in payment.

Please note that members who retired before 6 April 2006 will have a blank entry on the P60 Certificate, as this is not required by HMRC.

It is important that you keep your P60 certificate safe as you may need to refer to it in the future.

You will receive a monthly payslip if your net pension changes by more than £1 from the previous month or your tax code changes, so usually you will only receive a payslip in March, April and May of each year.

## This year's pension increase

The annual increase to your Local Government and State pension is based on the Consumer Price Index (CPI) as at 30th September from the preceding year and will be payable from 11th April 2022.

Your pension will be increased if you:

- are aged 55 or over
- or are receiving a spouse's, beneficiary's, or child's pension
- or retired on ill health grounds

If you do not fall into one of these groups, your pension will still attract the increase, but it will not be paid until your 55th birthday.

### This year, your pension will increase by 3.1%

If your pension began after 26th April 2021 then you will receive a proportion of these benefits depending on the date you retired.

If you are receiving a pension and have reached State Pension Age the full increase may not be paid by the Pension Fund, some of it will be paid by the Department for Works and Pensions in the form of an increase to your Basic State Pension. This will be equal to the full increase.

## Language of Choice

We are happy to correspond with you in either Welsh or English, please let us know your preference and we will make sure all future correspondence is provided in that language. Corresponding in Welsh will not lead to a delay.

## Protecting your money

The Pension Fund participates in the National Fraud Initiative which is designed to target and prevent fraud and corruption, which costs the taxpayer hundreds of millions of pounds each year.

Rhondda Cynon Taf Pension Fund's involvement in this exercise helps detect fraud and corruption, and we have a legal duty to protect public money. As part of this initiative public agencies are allowed to share this information.

Do not be alarmed if you receive a request for information as it may be an inconsistency that requires further clarification.

If you are claiming any sort of benefit, for example housing benefit, you need to disclose your pension payments, including ill health pensions from the Local Government Pension Scheme.

The change will automatically be taken into account in survivor benefits paid to civil partners and same sex spouses in the future.

## Overseas Pensioners

Following a review of our banking procedures the RCT Pension Fund has partnered with Western Union Business Solutions, part of the Western Union Group.

Western Union Business Solutions are a leader in global payment services and offer significant benefits to our administration of your overseas payments. This partnership will give you the ability to receive your pension payments in your local currency, directly into your overseas bank account, wherever in the world you reside and there will be no monthly transaction charge.

## McCloud Judgement

When the Government reformed public service pension schemes in 2014 and 2015 they introduced protections for older members. In December 2018, the Court of Appeal ruled that younger members of the Judges' and Firefighters' Pension schemes have been discriminated against because the protections do not apply to them. The Government has confirmed that there will be changes to all main public sector schemes, including the LGPS and Firefighters Pension Schemes, to remove this age discrimination. This ruling is often called the 'McCloud judgment' after a member of the Judges' Pension Scheme involved in the case.

The final details of the changes have not yet been confirmed by Government, once we know what the changes are, we will check the pensions of all members who are affected to see if their pension benefits should be increased. To be affected by the judgement you had to be an active member of your pension scheme on or before 31 March 2012 and left the LGPS after 1st April 2014 or the Firefighters Pension Scheme after 1st April 2015.

**You don't need to do anything, we will contact you if you are affected by the changes.**
